APPLICATION:

Modulating Gas fired water boiler for indoor installation. Approved for closet or alcove installations. For use with natural or liquefied petroleum (LP/Propane) fuel gases. Wall mounted. All boilers are factory assembled with controls and wiring and test fired to ensure dependable performance. Boiler shall be certified for Direct Vent applications only.

CERTIFICATION AND APPROVALS:

Stainless Steel heat exchanger is manufactured and tested in accordance with American Society of Mechanical Engineers (ASME) and certified by Canadian Standards Association (CSA), AHRI, NRCAN. Registered with National Board BPVI, and Massachusetts Board. Stainless steel heat exchanger is tested for maximum allowable working pressure of 50 psig in accordance with ASME boiler and pressure vessel code, section IV, rules for construction of heating boilers. A 30 psig safety relief valve is shipped standard.

BOILERS INCLUDE:

- Wall mount bracket, mounting hardware and actual size Wall Mount Template
- Boiler is equipped with dedicated connection to an optional Indirect hot water tank and an internal automatic 3 way diverting valve to allow Domestic Hot Water Priority operation.
- Boiler includes factory installed and wired 2 speed circulator pump.
- External Primary/Secondary manifold with quick connections shipped with boiler.
- Digital Boiler Control:
 - ▶ Control is Self Commissioning, automatically recognizes fuel type (Natural or LP gas).
 - ▶ Control monitors flame signal and automatically adjusts the gas valve during operation for optimum combustion and maximum efficiency.
 - ▶ Control system is a PCB integral controller with LCD digital/graphical display.
 - ▶ Control can sense and display water temperature and indicate when boiler is in central heating or domestic water mode.
 - ▶ Control can accept an optional Outdoor Air sensor and has field adjustable reset curves.
 - ▶ Control displays Error Codes and Diagnostic information.
 - ▶ Control can accept 0-10V input to manage heating set-point or heating power level.
